# WELCOME

Welcome on our application.

## DASHBOARD

Add Deezer

You have free access to those 3 widgets

The first one is “Weather”, you can change the city.

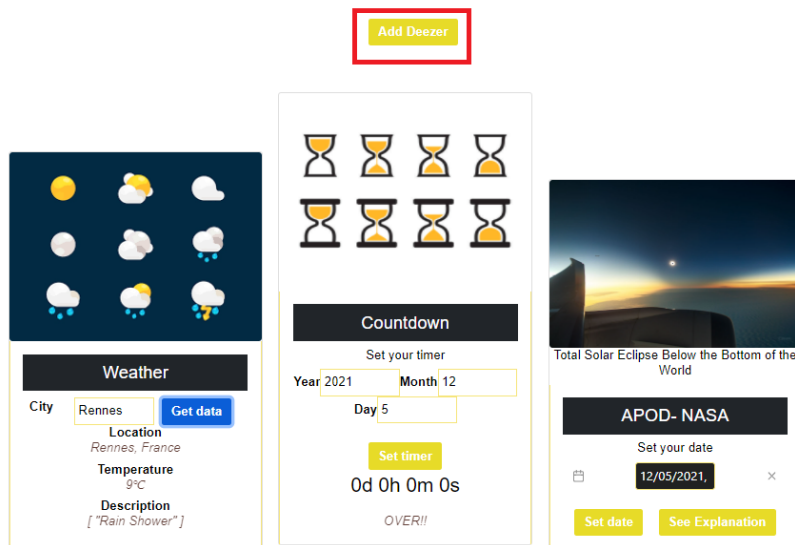

The second one is “Countdown”, you can configure it to have a countdown until the desired date

The third one is “APOD-NASA”, you can configure it to the date wanted. This widget display **Astronomy Picture Of the Day**, have the title and the description of that picture.

# DEEZER

If you want to have the deezer service on your dashboard, you need to click on “*Add Deezer*”

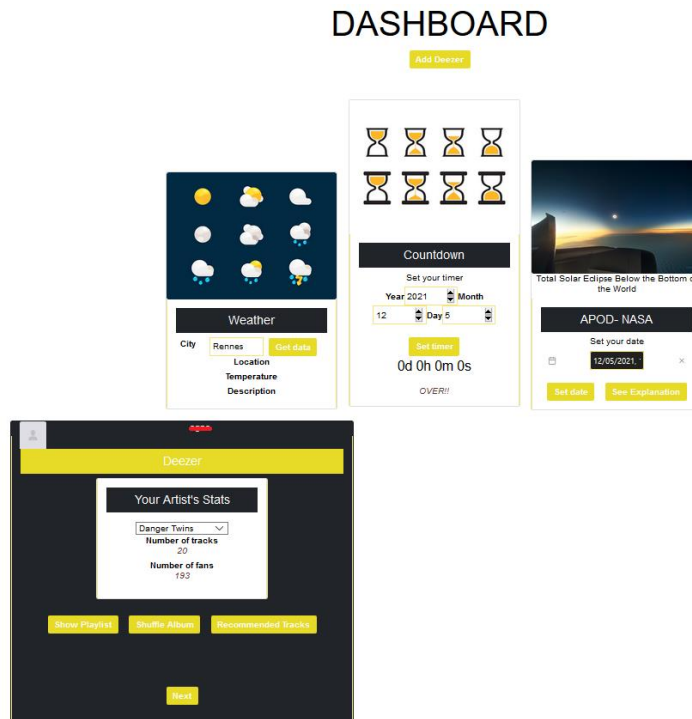

## DASHBOARD

Then you will need to connect to your Deezer Account

And click on “*Continue*”. That will redirect you to the home page, and a new view of Deezer will appear.

You will be able to see your account picture and your name.

On this view, you will be able to select from a list of your liked artists in order to have some information about them like their number of album and the number of followers.

You will be able to show one of your liked playlists, shuffle to have another playlist, and to listen recommended track.

# LOGOUT

Now you can completely use your dashboard and have fun with it.

When you are done with it, you can logout.
